

GENERAL BACKGROUND

Date of Application _____

Organization Name _____

Industry _____

Head Office Address

(list branch offices if
more than one location)

Main Contact

Name: _____

Email Address: _____

Telephone: _____

PROJECT TEAM

1. Provide details of the team to work with the PHRI CTO and their time commitment to this project:

Project Lead: Name: _____ Title: _____

Scientific lead:
(if different from above) Name: _____ Title: _____

Other Members: Name: _____ Title: _____

Name: _____ Title: _____

FUNDING

1. Provide your funding information. *Check one box:*

Self-funded and pre-revenue [No co-payment]

Funded and pre-revenue [10% co-payment]

Funded and revenue stage [20% co-payment]

Significant revenue stage (\$1M+) [35% co-payment]

PRODUCT DESCRIPTION

1. Is your product a *(specify details for each)*

Drug (small molecules): _____

Drug (biologics): _____

Device: _____

Equipment: _____

Digital health: _____

Nutraceutical: _____

Other: _____

2. Please describe details of your product:

a. Formulation

b. Indication

c. Administration / Use

d. Recommended duration of use *(if known)*

e. License or certification status

f. Patent or any other intellectual properties

PROJECT SCOPE

1. What phase of development is your product:

First in Man / dose finding (Phase I)

Safety / dose finding (Phase II)

Large scale efficacy (Phase III)

Post Marketing (Phase IV)

2. Purpose of clinical trials / results used for:

Early Safety / Dose finding

Efficacy for Marketing Approval

Post Marketing

3. Geographic Reach required:

Regional

National

International

The Applicant agrees to provide PHRI with the relevant information, including but not limited to scientific, clinical and/or business information for PHRI to determine her or his eligibility to receive the CTO support. The information will be kept confidential by PHRI and will only be used by PHRI to conduct CTO's NRC-Industry Research Assistance Program ("Program").

The Applicant agrees to indemnify PHRI from and against any claims resulting directly or indirectly from its participation in this Program, including but not limited to the Applicant's use of the advice or reports arising from the Program.

The Applicant also agrees that intellectual property ("IP") may form or be discovered during the Program. Any IP directly related to the Applicant's innovation will be owned by the Applicant. All rights to any PHRI's existing IP used to develop and deliver the Program remains with PHRI. Any new IP that is conceived, created or developed under this Program as a result of joint efforts between the Applicant and PHRI shall be jointly owned (50/50) ("Joint IP"). Co-ownership of the Joint IP shall mean that each organization shall retain its rights to practice its undivided interest in any Joint IP without the consent of and without accounting to the other for all purposes.
