

11TH Annual Chanchlani Global Health Research Award Lecture

preceded by the Andrea Baumann Health Equity Symposium

Monday, Oct. 30, 2023 | 4 – 6 p.m.

Location: MDCL 3020

AWARD RECIPIENT

Michelle A. Williams

- Former Dean of the Faculty at the Harvard T.H. Chan School of Public Health
- Joan and Julius Jacobson Professor of Epidemiology and Public Health at the Harvard T.H. Chan School of Public Health
- Professor and Chair of the Department of Epidemiology at the Harvard T.H. Chan School of Public Health School
- Program Leader of the Population Health and Health Disparities Research Programs at Harvard's Clinical and Translational Sciences

Perspectives on Uncovering Triggers of Acute Perinatal Outcomes: An Epidemiological and Molecular Approach

As a renowned epidemiologist, an award-winning educator, and a widely recognized academic leader, Dr. Williams research places special emphasis in the areas of reproductive, perinatal, pediatric, and molecular epidemiology. This lecture will take a deep dive into the unique methodological challenges of reproductive and perinatal epidemiology and explore epidemiological designs and molecular epidemiological approaches. Dr. Williams will discuss these innovative approaches and highlight how they can be used to address methodological challenges to improve causal inferences in studies of medical complications of pregnancy and adverse birth outcomes.
